

STTN125

Inleidende Waarskynlikheidsleer
Introductory Probability Theory

Dosent / *Lecturer*

- **Dosent / *Lecturer*:** Dr Carl van Heerden
- **e-pos / e-mail:** carl.vanheerden@nwu.ac.za
- **Kantoor / *Office*:** G3-221
- **Spreekure / *Consultation hours*:**
Dinsdae / *Tuesdays* 14:00 – 15:30

Stuur asb. 'n e-pos indien jy vir 'n ander tyd 'n afspraak wil maak!

Please send an e-mail if you want to make an appointment for another time!

e-posse / e-mails

- Sluit jou naam, studentenommer en die modulekode “STTN125” by alle kommunikasie in.

Include your name, student number and the module code “STTN125” in all communication.

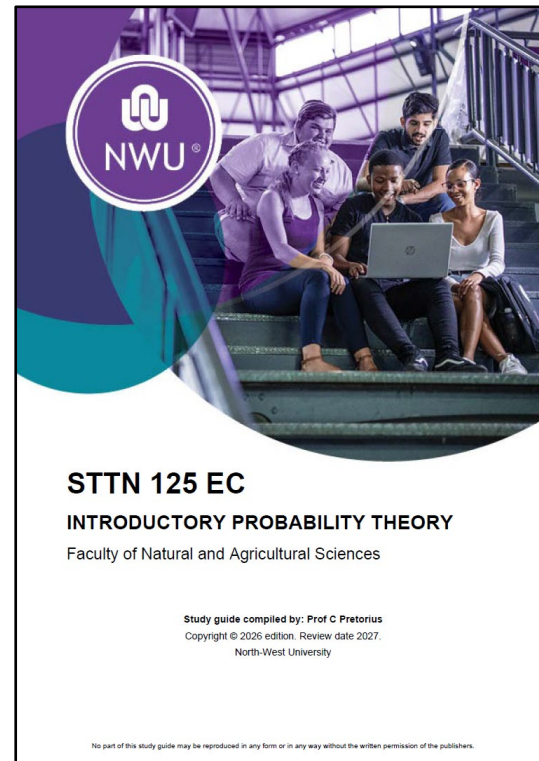

Studiegids / *Study guide*

- Besikbaar op eFundi:

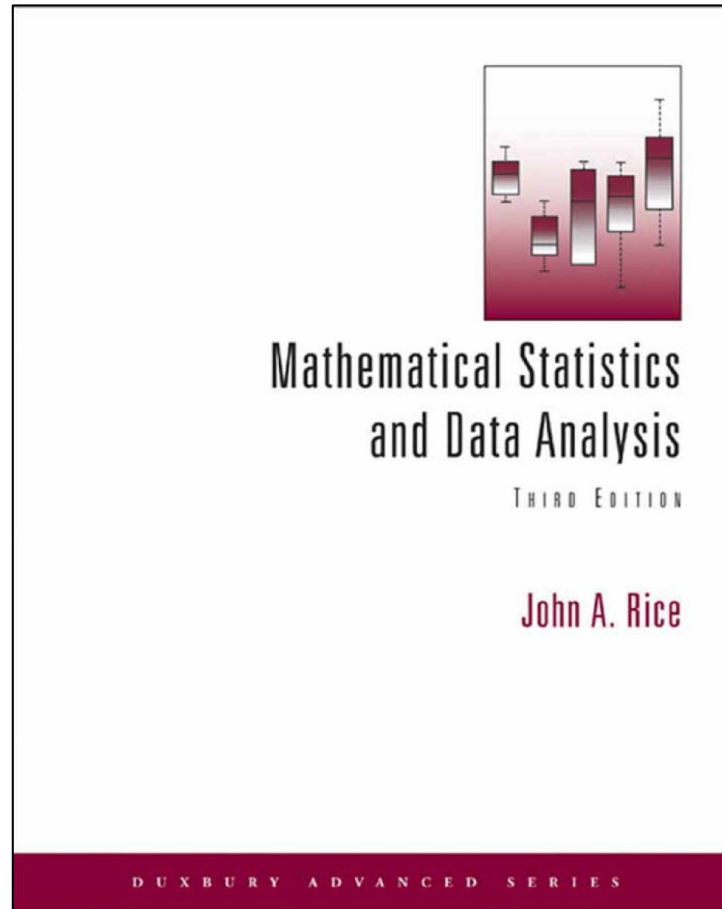

“Resources → Admin → Studiegids_STTN125_2026.pdf”

Available on eFundi:

“Resources → Admin → Study Guide_STTN125_2026.pdf”

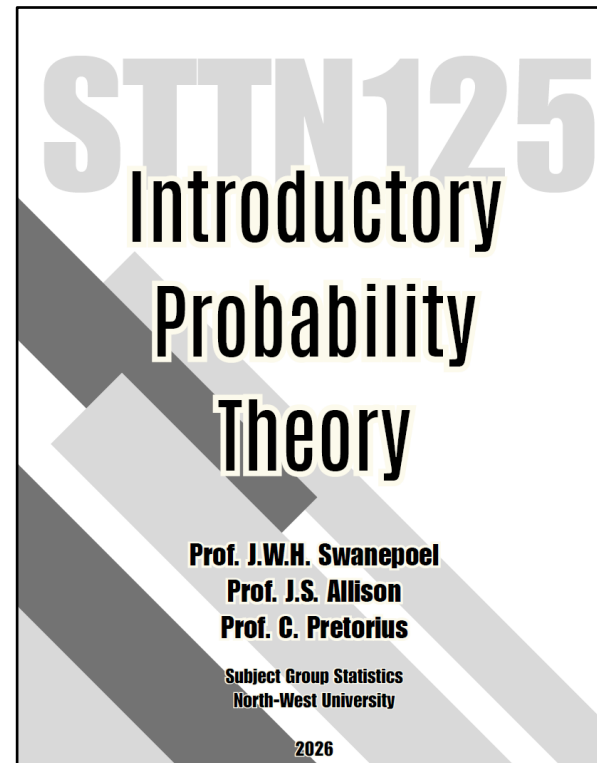

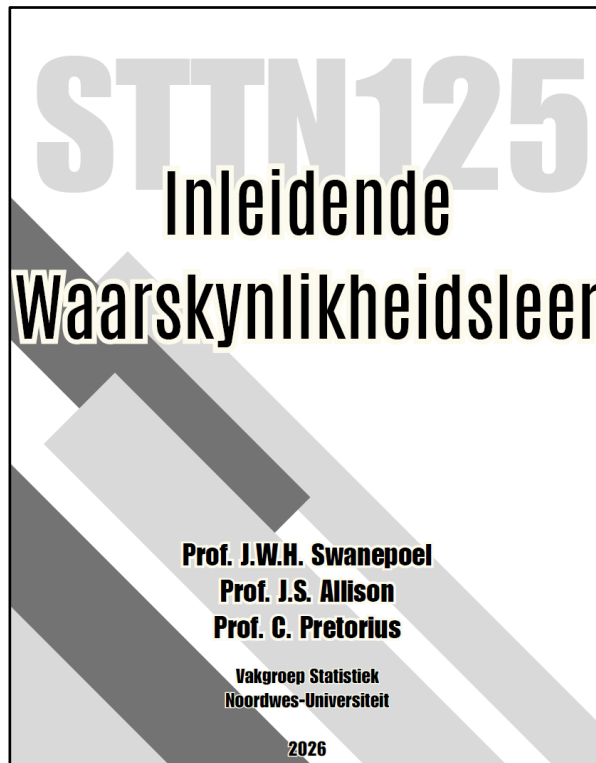

Handboek / *Textbook*

Rice, JA. 2007. Mathematical Statistics and Data Analysis. 3rd edition. Belmont, CA: Brooks/Cole.

Klasnotas / *Class notes*

Swanepoel, JWH, Allison, JS & Pretorius, C. 2026. Inleidende Waarskynlikheidsleer. **8^{ste} uitgawe**. Potchefstroom: NWU Vakgroep Statistiek.

Swanepoel, JWH, Allison, JS & Pretorius, C. 2026. *Introductory Probability Theory*. **8th edition**. Potchefstroom: NWU Subject Group Statistics.

Handboek & klasnotas / *Textbook & class notes*

Te koop by: / *For sale at:*

- Van Schaik Boekwinkel / *Van Schaik Bookstore*
- Takealot (slegs handboek / *textbook only*)

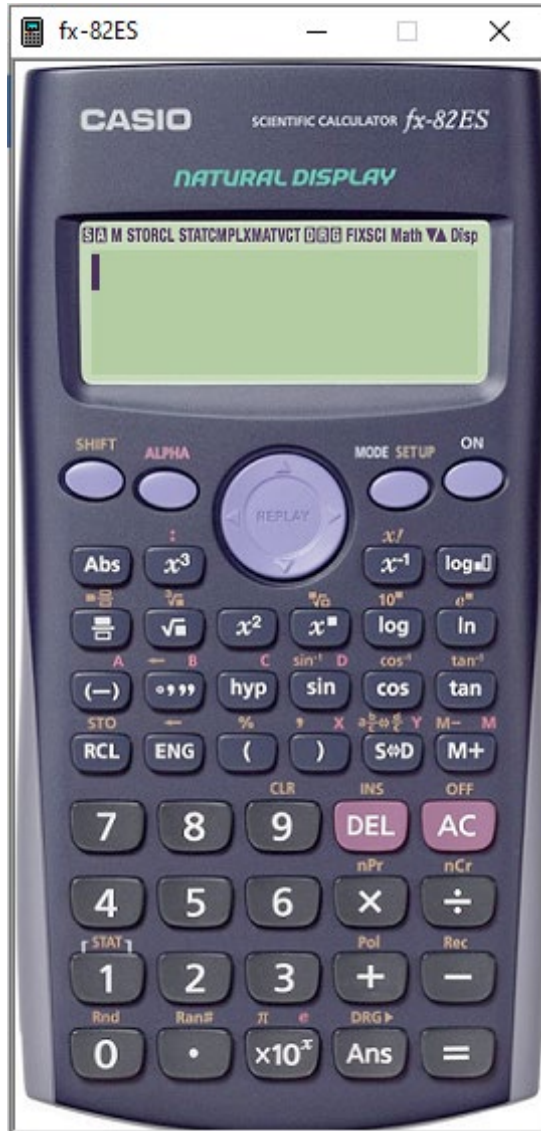

Skedule / Schedule

- Beskikbaar op eFundi: / Available on eFundi:
“Resources → Admin → Work Schedule_STTN125_2026.pdf”

STTN125: Werkskedule / Work Schedule 2026			
Datum Date	Week Week	Onderwerp in IWL Topic in IPT	Assessering Assessment
13/07 – 17/07	1	Inleiding & 1.5 Introduction & 1.5	
20/07 – 24/07	2	1.5 & 1.6	
27/07 – 31/07	3	1.6 & 2.1	
03/08 – 07/08	4	2.1	
10/08 – 14/08	5	2.1	Klastoets 1: 1.5, 1.6 & 2.1 Class Test 1: 1.5, 1.6 & 2.1
17/08 – 21/08	6	2.1 & 2.2	
24/08 – 28/08	7	2.2 & 2.3	
01/09 – 11/09	Semesterlootse Semester Tests		Klastoets 2: 2.1 & 2.2 Class Test 2: 2.1 & 2.2
14/09 – 18/09	8	2.3	
21/09 – 23/09	9	2.3	Klastoets 3: 2.2 & 2.3 Class Test 3: 2.2 & 2.3
24/09 – 02/10	Reses Recess		
05/10 – 09/10	10	2.3 & 4.1	
12/10 – 16/10	11	4.1 & 4.2	Klastoets 4: 2.3 & 4.1 Class Test 4: 2.3 & 4.1
19/10 – 23/10	12	4.2	
28/10 – 20/11	Eksamen eerste geleentheid / Exam first opportunity		
23/11 – 04/12	Eksamen tweede geleentheid / Exam second opportunity		

Sakrekenaar / Calculator

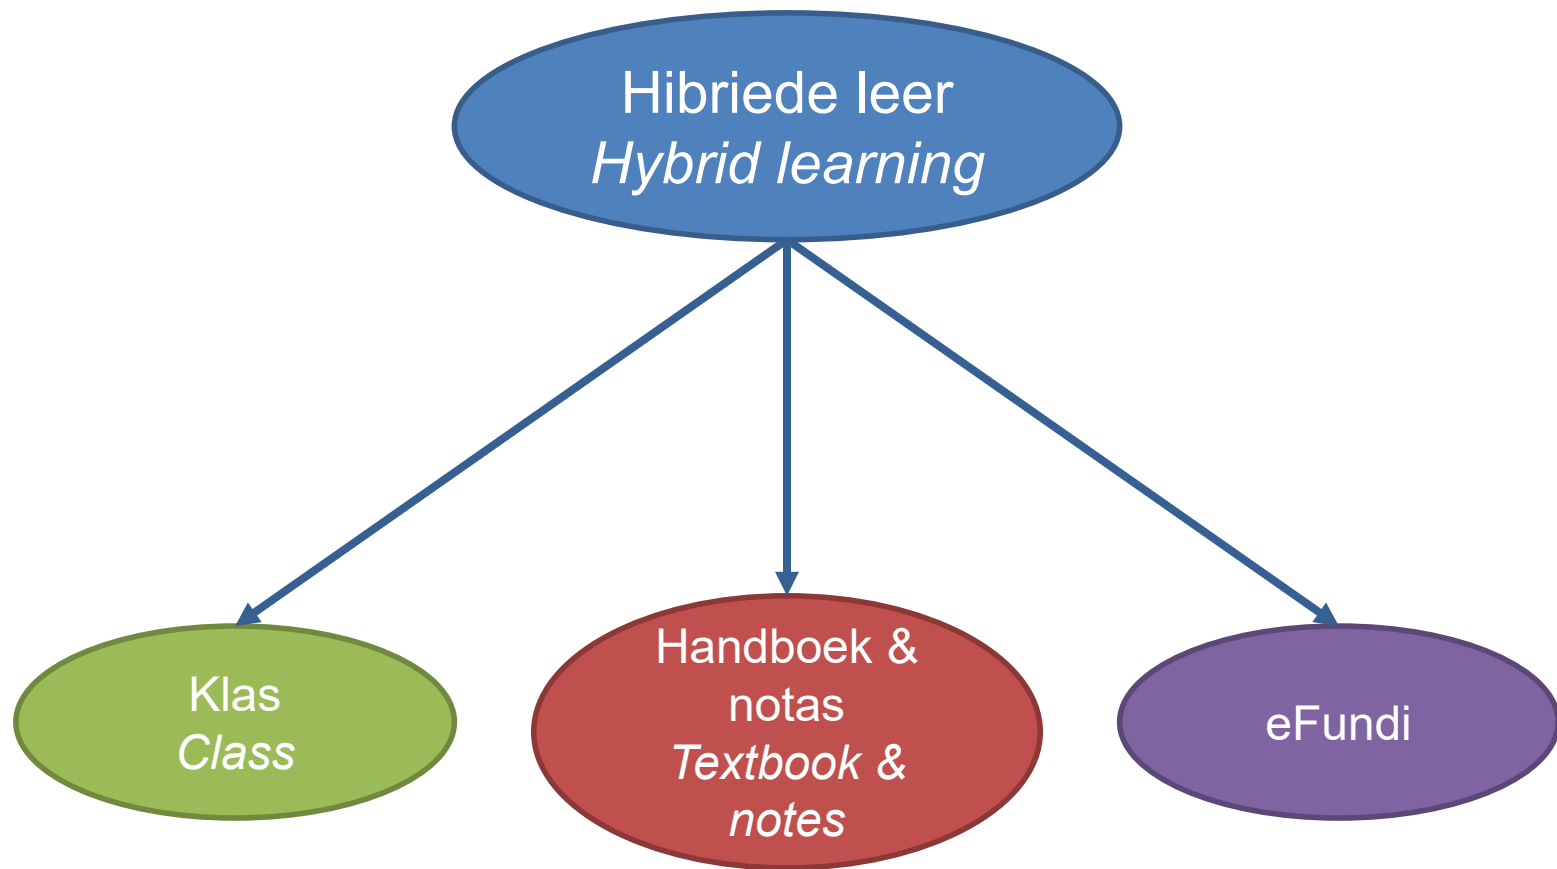

Ons gaan van 'n wetenskaplike sakrekenaar gebruik maak. U kan die Casio *desktop*-sakrekenaar op u rekenaar installeer deur die uitvoerbare lêer (".exe") van eFundi af te laai ("Resources → Miscellaneous → fx82ES.exe"). Stoor hierdie lêer op u *desktop*, en maak dit oop. Die sakrekenaar behoort dan te verskyn. Maak seker dat u 'n sakrekenaar vir alle assesserings byderhand het.

We will be using a scientific calculator. You can install the Casio desktop calculator on your computer by downloading the execution file (".exe") from eFundi ("Resources → Miscellaneous → fx82ES.exe"). Store this file on your desktop, and open it. The calculator should then appear. Make sure that you have a calculator for all assessments.

Vakinhoud / *Subject content*

- LE1: Wet van totale waarskynlikheid
SU1: Law of total probability
- LE2: Diskrete stogastiese veranderlikes
SU2: Discrete random variables
- LE3: Kontinue stogastiese veranderlikes
SU3: Continuous random variables
- LE4: Verdeling van funksies van stogastiese veranderlikes
SU4: Distribution of functions of random variables
- LE5: Verwagte waardes
SU5: Expected values

Leerstrategie / *Learning strategy*

Deelnamepunt / *Participation mark*

Assesseringstipe / <i>Assessment type</i>	Gewig / <i>Weight</i>
4 klastoetse (beste 3) / <i>4 class tests (best 3)</i>	90%
Klasbywoning / <i>Class attendance</i>	10%

- Vier klastoetse: **Beste drie uit vier** klastoetse tel vir jou deelnamepunt.
*Four class tests: **Best three out of four** class tests count for your participation mark.*
- Klastoetse in Vrydagperiode (tensy anders gekommunikeer).
Class tests in Friday period (unless communicated otherwise).
- Eksamentoelating: Deelnamepunt van ten minste 40%.
Exam admission: Participation mark of at least 40%.
- Slaagvereiste: Eksamenpunt van ten minste 40% EN finale modulepunt van ten minste 50%.
Pass requirement: Exam mark of at least 40% AND final module mark of at least 50%.

Tweede geleenthede om assesserings te voltooi

Second opportunities to complete assessments

Absoluut geen tweede geleenthede sal toegestaan word om enige van die assesserings te voltooi nie aangesien die werkskedule reeds vooraf aan alle studente beskikbaar gemaak word. Geen siektetoets! – As jy 'n klastoets mis sal dit die een wees wat wegval. As jy meer as een mis moet jy 'n doktersbrief vir elkeen wat jy gemis het inhandig.

Absolutely no second opportunities will be granted to complete assessments seeing that the schedule is made available in advance to all students. No sick test! – If you miss a class test, then that will be the one that falls away. If you miss more than one, then you must hand in a doctor's note for each one that you missed.

Reëls rakende puntenavrae

Rules concerning mark enquiries

Reëls rakende die hernasien van assesserings in Statistiekmodules:

Alle navrae of wysigings van punte vir klastoetse (insluitend toetse geskryf in die assesseringsweek) en opdragte moet afgehandel word **binne vyf werksdae** nadat die gemerkte toetse/opdragte aan die studente beskikbaar gestel is. **Geen veranderinge** sal na die vyf dae verby is aangebring word nie.

Rules concerning the remarking of assessments in Statistics modules:

*All enquiries or requests to change marks for class tests (including tests written in the assessment week) and assignments must be completed **within five workdays** after the marked tests/assignments have been made available to the students. **No changes** will be made after the five days have passed.*

Huiswerk / *Homework*

Hersien 1.1 – 1.4 in IWL (klasnotas).

Revise 1.1 – 1.4 in IPT (class notes).
